WHAT MAKES US DIFFERENT

VISMARA creates worldwide custom-built home cinema, combining unrivalled acoustics and visual technology with exquisite Italian design. As history teaches, italian design is well known all over the world thanks to the special attention paid to details and to the top quality materials used. Vismara Design was founded in 1953 by three brothers Luigi, Aldo and Enrico Vismara with unique passions: design and wood. The big breakthrough takes place in 90s, thanks to the visionary designer Pino Vismara, and his passion for technology. The basic principle behind his vision is to combine design with technology and in 2010 Vismara Design has become a worldwide well-know partner for everyone who need exclusive and unique home theater. This project became a reality with the cooperation of some of the most world renowned audio-visual and automation firms.

EXPERIENCE

Step through the door of your Vismara cinema and you step straight into the world of comfort, performance, well-being and unique beauty.

DESIGN

Your home theater uniquely manufactured to an exacting specification, slotting handcrafted luxury and cutting-edge technology into your home.

MATERIALS

We collaborate with the world's leading fabrics, textiles, woods and metal manufacturers to enhance your experience with the ultimate in comfort and aesthetics.

CRAFTSMANSHIP

Your home theater is handcrafted directly by us in Italy, with exquisite attention to detail and precision engineering ensuring that your expectations are always exceeded.

TECHNOLOGY

Experience the thrill of owning one of our state-of-the-art Home Theater Systems. Technology and the sophistication of the media equipment have now made that dream a reality. It's now easy to achieve a stunning Home Theater with Dolby atmos surround sound on a realistic and budget. Our certified and experienced staff can make the movies at your home better than what you would experience at your local cinema.

FLEXIBILITY

Every element in Vismara home theater is constructed to be configured to the exact dimensions of your room. Everything is studied into the deepest details to ensure the highest level of comfort and provide a flawless luxury product.

SERVICE

Concept: We work with you to design your dreamy Home theater that is perfectly attuned to your tastes and inspirations.
Creation: Our craftspeople bring your idea to life using the finest materials and the highest performance technology.
Execute: We install your home theater straight into your home, so you can start experiencing extraordinary.
Service: We offer an after-sale service, as we can work in remote with audio/visual and automation system we use.

OUR GOAL IS TO TRANSPORT YOU INTO STUNNING CINEMA. WE TAKE CARE OF EVERY PART OF THE PROCESS, FROM DESIGN RIGHT THROUGH TO THE BUILD AND INSTALLATION

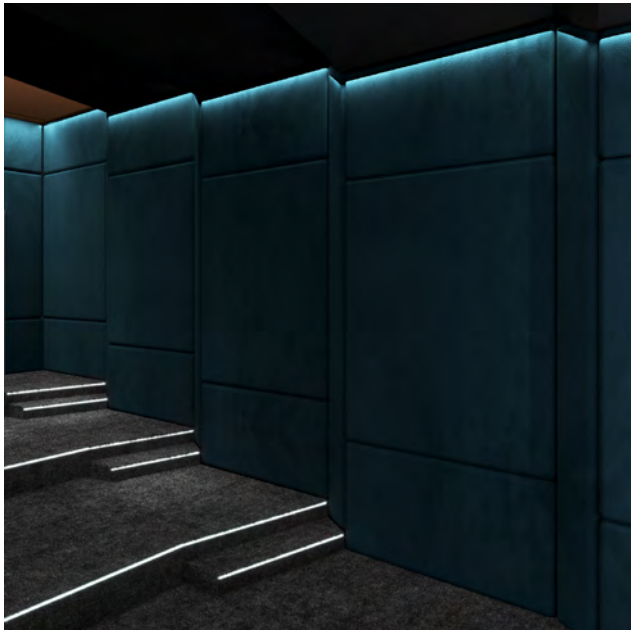
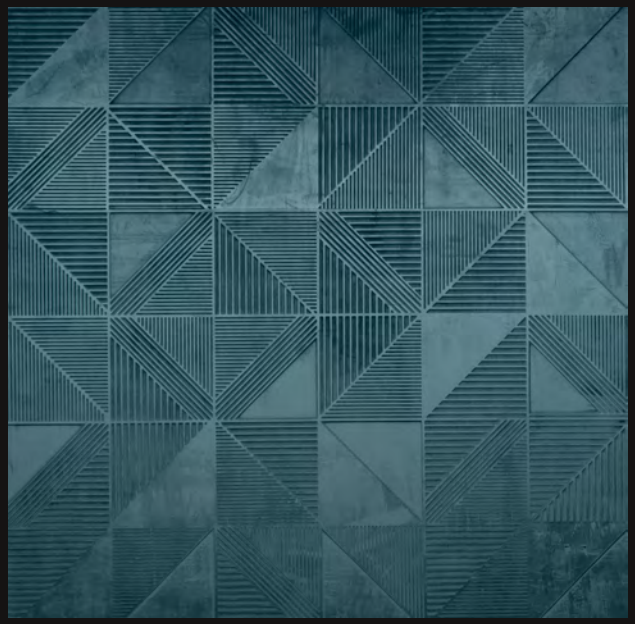
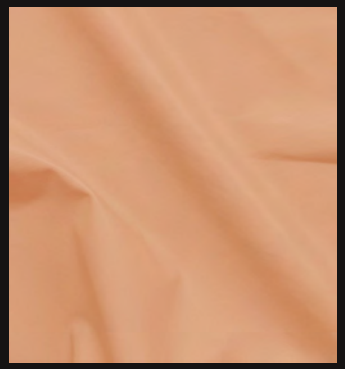
IMMERSE YOURSELF IN UNRIVALLED INCREDIBLE INTERIOR DESIGN

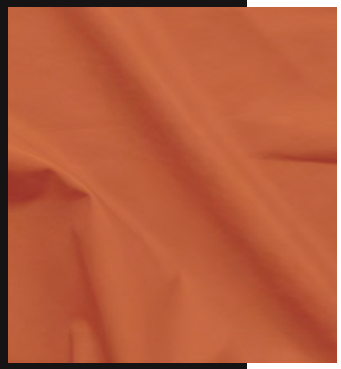
The acoustic treatment

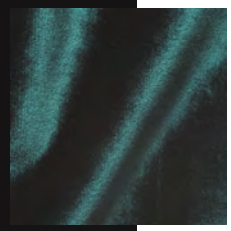
Vismara home theater acoustic treatment combines exclusive aesthetic with a performing acoustic functionality. Our acoustic boiseries are studied to control and to reduce noise, eliminate slap echo and control comb filtering in a room. The objective is to enhance the properties of sound by improving sound quality with sound absorbing panels. This aspect is called sound absorption which is different than soundproofing.

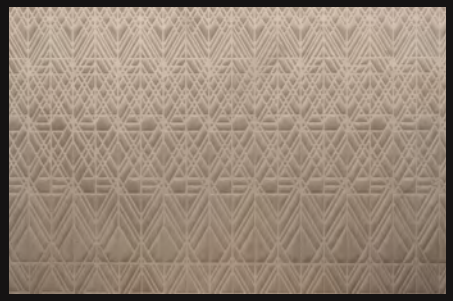












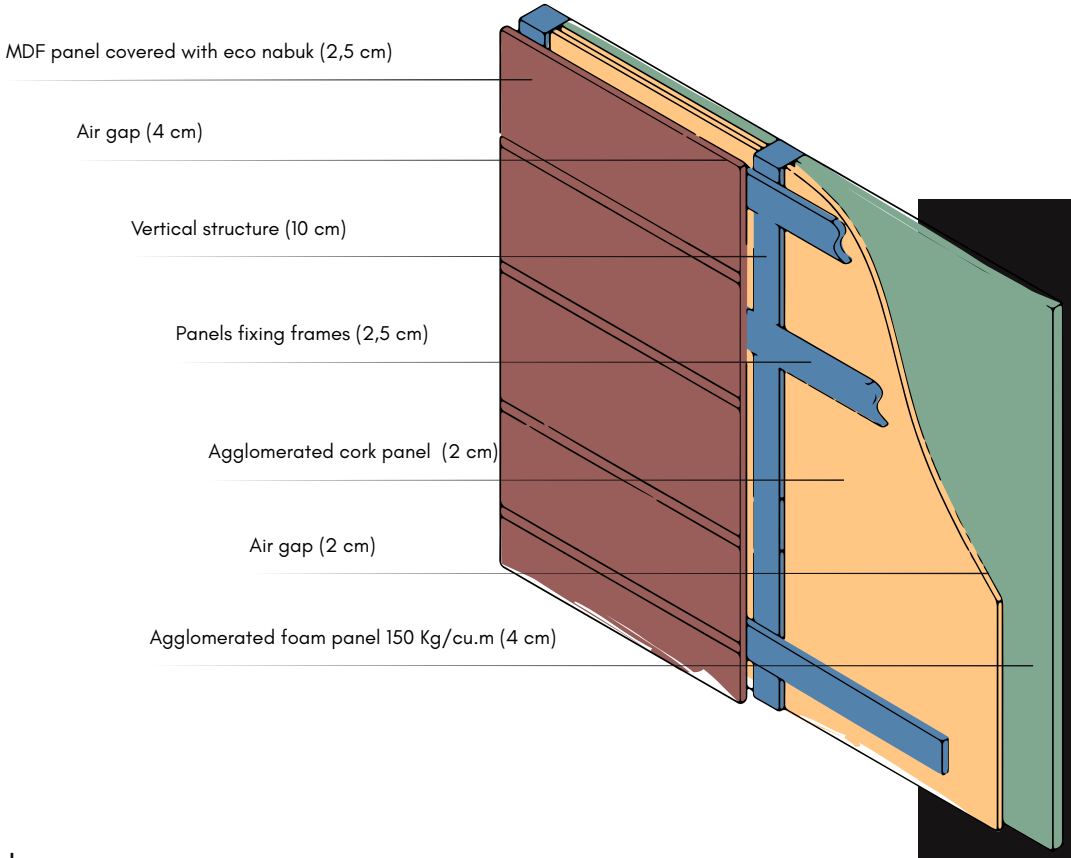
MATERIALS

Customize your Home theater with a wide range of materials, including luxury fitted carpets, european leather and acoustic-enhancing 3D fabrics in a vast palette of colours.

FALL IN LOVE WITH A VIBRANT ROOM AND CREATE THE MOOD YOU WANT. THE MATCH OF COLORS AND MATERIALS ARE CRUCIAL ELEMENTS FOR THE SUCCESS OF A PROJECT

The sound insulation

Vismara can take care of the sound insulation of the room which is typically used to keep sound from escaping a room. In case of need, the sound absorption material will be hide behind acoustic panels to insulate the room.

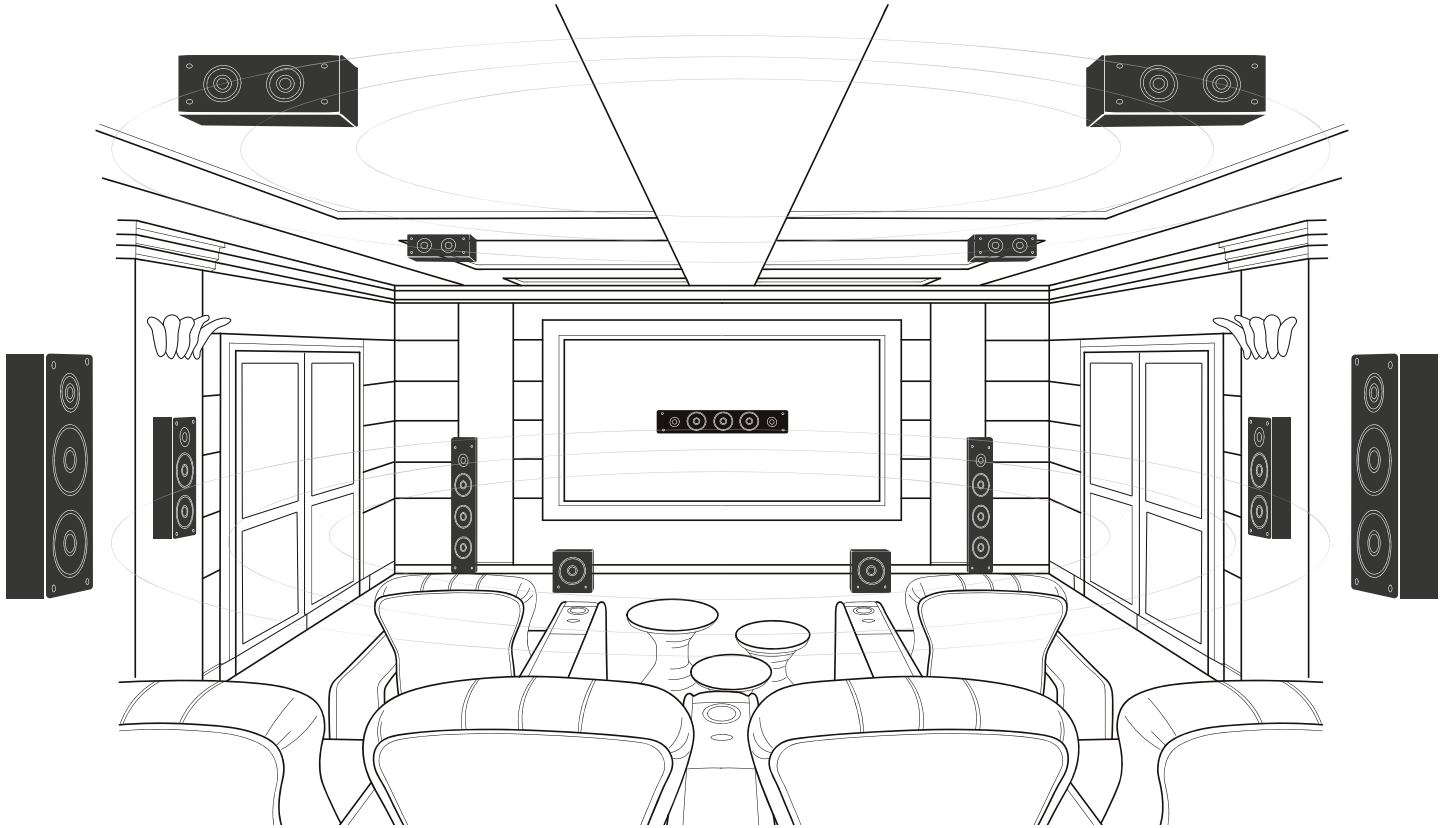


Sound insulation clips for the walls to block the low frequency noise. By considering that inside a Home theater there is an average of 75/80 dB, by adding our sound insulation system from outside you will feel only 35 dB.

CLOSE THE SOUND-PROOF DOOR AND LET THE SOUND AMAZE YOU

The a/v automation system

Every Vismara Home theater is equipped with pioneering audio/visual and automation equipment to transport you to the limits of your imagination. The systems are studied according to the room size, budget, and performance you are strive to achive. You can feel the sound with the best Dolby Atmos Sound speakers (integrated in panels or on-sight).



AUTOMATION

The control of the entire room can be easily done with a tablet or a universal remote control thanks to our high-performing automation system. The home theater can be also controlled by any kind of automation clients already have at home. Remote diagnostics alert us if performance ever falls below optimum, so any issues can be quickly rectified.

SAMSUNG
The Wall

VIDEO

If a 4K Ultra HD technology projector won't satisfy you, Vismara is also Samsung certified partner for Luxury custom LED for Home.

PERSONALIZE YOUR HOME THEATER BY ADDING ANY BESPOKE DECORATIVE EQUIPMENT YOU DESIRE

The furniture

Vismara borns as furniture manufacturer, therefore every extra element you want to create inside the room can be additional customization. Bar units, cabinet with pop-corn machine, karaoke funiture, tables, pool tables. Anything you can imagine can be studied and realized by Vismara.
